Letter of Commendation

Dear Heidi Weiskopf,

Thank you for your hard work on our new home. We are simply delighted with everything, especially with the new flooring, furniture and window treatments. As you recall, I was very overwhelmed after moving into a larger house. I had no idea where to start because so much needed to be accomplished!

From the beginning, you made the process easy by being so well prepared and organized for our meetings. As a busy wife and mother, I appreciated how you managed the design responsibilities while including me in every step of the way. I also want to thank you for helping me step outside my “decorating box” to incorporate new elements. By doing this, you elevated the quality of furnishings to give our home a professionally designed yet comfortable style. With a family of young children, “livability” was an important priority to me, and the décor reflects that. Our house has an overall cohesive look, yet each room has its own personality.

Friends and family who have seen our new house are amazed by the change. They comment how much our home reflects our family and always looks amazing. I know this is due to your hard work and wonderful ideas!

Please feel free to include me in your list of references. I would be happy to speak with anyone considering hiring you for the interior design of their own home.

Thank you again for making our house exactly what we wanted.

Sincerely yours,

Kerry Jameson
